Career Objective:

Trained, qualified Web Developer with excellent organizational and team working skills. I am confident that I would be a significant asset to the Organization with a bachelor's degree in computer science, voluntary WordPress certification, and 9+ years of work experience as a WordPress developer. Designing and implementing web pages, user interfaces, and plugins for WordPress, working with clients to troubleshoot and fix their WordPress products, creating themes that are as functional as they are beautiful, and working with a team of colleagues to create the best products possible are all examples of my professional experience.

Career Summary:

1. An enthusiastic Senior Web Developer with a robust programming and software development background having nearly 10+ years of experience in Design, Coding and Debugging.
2. An Excellent problem solver, able to quickly grasp complex systems and identify opportunities for improvements and resolution of critical issues.
3. An effective leader, skilled in enlisting the support of all team members in aligning with projects and organizational goals.
